

# Olaoluwa Adewunmi

## Front End Developer

Onipan, Lagos, Nigeria • (+234) 8117231053 • Adeolarhowolabi@gmail.com • <https://olaoluwaadewunmi.netlify.app> • <https://github.com/mavzdesign>

A Front-end developer with experience in creating pixel-perfect designs, and developing responsive web-based applications while keeping to high standards and best practices.

## WORK EXPERIENCE

---

### Volunteer

November 2022

Ingressive for good, Lagos, Nigeria

- Helped plan and organize a tech event that saw a turnout of over 2000 attendees.
- I worked with other volunteers as a team to coordinate sections of the event, helping me develop my abilities as a team player.

### Front End Developer(contract)

September 2022 – Present

Codefixbug Limited, Lagos, Nigeria

- Collaborated with product designers and backend engineers to build a client's website that converts airtime to cash, using HTML CSS, Javascript and Reactjs
- Redesigned client's landing page, making it seamless, responsive, and easy to use, increasing customers engagement

### Front End Developer

September 2021 – August 2022

Datamellon, Lagos, Nigeria

- Revamped the UI of the company's logistic service website with over 5,000 visitors per week, to enhance user experience
- Redesigned user's login interface and document verification module of the web app by implementing Figma design to detail and integrating Restful APIs.
- Developed the company's Admin dashboard with CRUD functionality, used to manage over 80,000 users on the platform utilizing REACT and Context for state management.
- Designed an in-app messaging system that allowed logistic providers to connect with senders efficiently

## EDUCATION

---

### Ladoke Akintola University of Technology, Oyo, Nigeria

July 2021

Bachelor of Science — Computer Science CGPA: 3.94
